

VOLUNTEER ARMY

Decatur Recruiting Office
Will be Open a Few Days

ONE MAN APPLIED TODAY

Lieut. Montgomery Hopes to Get Fifteen or Twenty Men in Decatur for a Term Ending June 30, 1901.

This morning Lieutenant Montgomery of the volunteer army opened an office in the building on North Main street north of the Arcade building for the purpose of recruiting men for the 34th United States volunteer infantry. He will probably only be here but a few days and hopes to get 15 or 20 men. The first person to apply was Paul F. Robertson. Dr. Will C. Wood is acting as medical examiner. For young men out of employment the opportunity is an excellent one. The men accepted will be sent at once to Fort Logan, Col., where they will be equipped and go to San Francisco to be drilled and later will be sent to the Philippines. The inducements are much better than offered to the men who were in the late war. The 34th is officered by regular army men or else men who have seen service. The pay of the privates is \$13 per month, but 20 cents per month is held out to go toward the support of the hospitals. The men are furnished with clothing and rations and they really need not spend a cent of their money. There are also many other ways in which they can make money. They can be company cook or do the work of a barber or tailor and pick up a good deal of spare change. To be well taken care of and clothed, get to travel half way around the world and have a chance to look out for business openings and investments and be paid \$13 per month for doing it is better than most young men are doing in Decatur today.

QUALIFICATIONS.
The qualifications with which applicants must comply are as follows:

Applicants for enlistment must be between the ages of 18 and 35 years, of good character and habits, able-bodied and free from disease. Persons who are not physically perfect will be rejected and it will be a waste of time for those knowing themselves to be unsound to apply.

Married men will not be enlisted except upon approval of a regimental commander. No persons under 18 years of age will be enlisted or re-enlisted, and minors between the ages of 18 and 21 will not be enlisted or re-enlisted without the written consent of father, only surviving parent, or legally appointed guardian.

All soldiers receive from the government (in addition to their pay) rations, clothing, bedding, medicines and medical attendance.

Whenever a soldier is honorably discharged at the expiration of his enlistment, or on account of disability not caused by his own misconduct, his travel pay is ample to carry him to place of enlistment.

The term of service is for the period ending June 30, 1901.

Lieutenant Montgomery will only be in the city a few days and those who want to get in the volunteer army must apply at once. Lieutenant Montgomery during the late war served as a naval cadet.

THE BLUE MOUND CASE.

Will Probably be Finished Today—
[The Only Objector is Abe Lynch.]

The Blue Mound road case will probably be finished today. The proposed road for which a petition was presented was refused by the highway commissioners and the case was appealed to a committee of the board of supervisors. The question of damages is now being settled. There were two objectors, Frank Coleman and Abe Lynch. The former wanted \$250, but before the trial yesterday the matter was compromised and he was offered \$150 and accepted the offer. Mr. Lynch wants \$1000 and the supervisors are only willing to give \$250. A jury is hearing the case and will decide upon the amount of damages. J. M. Gray represents the board of supervisors. Attorney Moffett the petitioners and Attorney J. T. Whitley represents Mr. Lynch.

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, saved two lives. A frightful cough had kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle of this medicine also cured this. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and \$1.00. Guaranteed. Trial bottles 10c at J. E. King and C. P. Shilling Drug Stores.

City Office Open.

The city ticket office of the Illinois Central railroad on East William street will be open Friday night in order to accommodate those who want to buy tickets for the \$2 excursion to Chicago.

THE SOLDIER SENTIMENT

A Stinging Philippic From the Army Heroes.

UPHOLD THE FLAG

Blast for the Anti-Expansionists at Home.

IT IS TREASON AND MURDER

That is the Way the Soldiers in the Philippines Look at the Pull-back Expressions in America—Rebels Think the United States is Divided.

FORT WAYNE, IND., August 11.—Chgo. charge murder and treason against those men at home who encourage the Filipinos by pretending that our people would consent to haul down Old Glory.

The stinging philippic comes from the boys at the front, from the brave men who are fighting and suffering and dying for their flag in the Philippines.

Perhaps nothing has done more in this section to dash the anti-expansionist spirit than a letter just received from one of the American heroes in Luzon, describing the sentiments of his comrades in arms and denouncing the people "who lend persistence to the rebels by leading them to think that they have powerful allies in America."

The writer of this letter is Corporal A. L. Payne, who, under date of June 27, sent a long personal communication to his brother, a resident of Fort Wayne. The envelope contained a clipping of an editorial article from Freedom, a newspaper published in Manila. This article, printed under the caption, "Men Uphold Your Flag!" is pronounced by Corporal Payne to be an accurate representation of what the boys in the Philippines think and feel. "It expresses our unanimous sentiment," says the writer.

Here It Is:

"Would that an Anthony might arise today, who could take the mangled and mutilated bodies of our soldiers from the battlefield of Imus and haul them up to the American people!

"O, temporal O mores!"
"Out in the jungles of Luzon the brave boys of the 8th army corps are planting Old Glory where freedom's flag never waved before; out on the plains and hills of Luzon the life blood of American soldiers is crimsoning the tropic sands, and at home a pack of devils is snapping and snarling at the government, and with words and actions assisting in the murder of our soldiers."

"Gaze at these lowly forms! Gaze at these mutilated bodies! And would that some or pen could have power to lash and brand and burn those who have assisted the jungle fiends in this most atrocious work! Who has assisted the devils: Who has given aid and comfort to these wild men of the forest? Who in the judgment day will stand and hear the awful words: 'What art thy brother?'"

"All the black crew that in ignorance or prejudice or devilishness are hampering the government and aiding in the slaughter of volunteers and regulars, should be set up before the American nation together with the banner-draped bier of the soldier dead, mutilated by savagery and barbarism. Then in thunder tones might be heard the voice of Columbia:

"You! You! YOU! YOU!"

"You call yourselves men, Americans! You walk upright among the sons of earth! Look at these forms! The blood of these mangled bodies went out for the flag—the old flag of '76. And you, foul brood, that hell will spew in disgust, you have done

your share in this bloody work. Hell has no depths for you; perdition will refuse you, and posterity will brand you and yours with the life-blood of these poor souls who died that the flag might wave."

"You, by your insane acts, have strengthened our foes; you have given comfort to the enemy; you have assisted in the slaughter of our soldiers, and the withering blast of heaven's revenging lightning should annihilate your soul and body for time and eternity."

"People of America, is it not enough that the flag is at the battle front? Is it not enough that precious blood feeds the insatiate sands? Is it not enough that the bugle sounds the advance and the line in blue and brown rushes to the shock of war?"

"In God's name, let us rally round the flag and plant it victorious on every serried peak of Luzon; shame on him who cries 'halt'; shame on him who would trail the starry banner in the dust."

"The war in Luzon must go on; it was brought on by the overbearing natives, and there is only one course under heaven to pursue. The sovereignty of the United States must be acknowledged in the archipelago before the next step can be taken. Any other course would be folly. Opposition to the war comes from ignorance and party feeling."

"Why not cease this chatter about the independence of the Filipinos until the Philippine commission has reported? Why not pause to look at the mutilate bodies of our soldiers? Deeds of treachery, savagery and barbarism occur daily; in the insurgent ranks assassination stalks at noonday."

"People of America, if you have a flag honor it; if you have a government, support it; if you have an administration, strengthen it; if you have troops at the front, uphold them; and if you have traitors, damn them eternally."

Army at the Front.

MANILA, August 11.—General MacArthur's troops remained last night at Calulut. The rebels had evidently fled, for the American outposts were not disturbed during the night. At daybreak this morning a battalion of the 17th infantry started up the rail road toward Angeles, four miles distant. The party approached within 1200 yards and opened fire with a field gun. The rebels replied with a badly directed fire. The strength of the enemy not being known, the situation was reported to General MacArthur, who did not desire to send reinforcements and directed the reconnoitering party to return unless the rebels abandoned the town. It soon became evident that the rebels had fired the town and fled, leaving the Americans to occupy the place. A battalion of the 12th infantry was sent to reconnoiter westward. Up to noon no firing was heard in their direction and there was no word from them. It is believed they encountered nothing. The indications are that the rebels are scattered for miles in every direction around Calulut. The insurgents lost heavily in the fighting around Calulut. It is believed that 100 were killed and 300 or 400 wounded. The Iowans killed 30 in one place; one company of the 17th, 12 in another. The American loss was five killed 81 wounded, including three officers. The attack was a complete surprise to the insurgents, who had no idea of the movement till the armored car opened with two gatlings, a revolving cannon and a six-pounder. The heavy artillery opened on both flanks a moment later. A majority of the Filipinos were asleep when the attack was made. Men with large bells ran among the shrubs arousing the soldiers. The Filipinos tried to ambush the soldiers several times, the country being well adapted to these tactics, but without success. Officers highly commend the recruits of the various regiments.

There is reason to believe the recent reports that the insurgents are short of ammunition, as well informed natives of Calulut say the insurgents had only 40 rounds each; that five more were issued just before the fight. Since the American occupation of San Fernando the rebels tore up three miles of railroad between there and Calulut. It is impossible to get an armored car more than two miles beyond San Fernando.

Robert Mann Heard a Minister Preach His Funeral.

Sat in the Church and Kept Still.

SPRINGFIELD, ILL., August 11.—Robert Mann of St. Louis sat in the Second Methodist church of Springfield yesterday afternoon and heard the Rev. U. G. Coleman, pastor of the church, pronouncing eulogies over himself, it being supposed that he was dead. The minister was preaching the funeral sermon of Mrs. Robert Mann, who was killed by an explosion in a laundry Tuesday morning, and he, during the course of his remarks, alluded to the death of Mann, who was supposed by the minister to have been ground to death in a St. Louis factory, where he had worked. Mann sat through the sermon, but after the funeral informed the minister that he was the dead woman's husband, and that he had not been killed as reported.

ALL WAITING

For Saturday's Sensations in Dreyfus Case.

RENNES, August 11.—Saturday's public session will be a veritable field day, probably the most important and exciting day of the whole trial, as General Mercier and M. Casimir-Perier have been cited to give their testimony then. The first witness will be Lieut.-Col. de la Roche Vernot, French military attaché in Berlin at the time of the arrest of Dreyfus. His evidence, it is expected, will soon be disposed of and then General Mercier will be called.

A dramatic scene is anticipated by the anti-Dreyfusites, who rely upon him to throw a bombshell and confound the accused once for all. His words: "I have complete proofs of the guilt of Dreyfus," are remembered, and both sides are waiting for him to prove his statement.

The Dreyfusites believe that his testimony will be torn to pieces by M. Labori and Demange, and that he will leave the court utterly discredited.

Captain Dreyfus will have the right to question him, and it is expected that the latter's cross examination of Mercier will prove the climax of the whole proceedings.

Former President Casimir-Perier will follow, if possible, the same day, but it is doubtful whether his examination will be concluded before the court adjourns until Monday. There will be no session Tuesday, that being "Assumption day."

Secret Session.

RENNES, August 11.—The Dreyfus court martial concluded its secret session at 9 o'clock this morning. Paleologue of the foreign office completing the explanations of the secret dossier. Adjourned till tomorrow.

COURT MARTIAL AT MADRID.

MADRID, August 11.—The Gazette publishes the verdict of the court martial which acquits Generals Toral and Pareja of surrendering Santiago, Cuba, without having exhausted all means of defense, and orders additional inquiry to discover the responsibility for lack of means of defense.

SAW THE PRESIDENT.

PLATTSBURG, N. Y., August 11.—Col. L. W. Kennon of General Brooke's staff, arrived today from Havana and had a long talk with the president, going over the entire Cuban situation. Afterwards Colonel Kennon said the situation in Cuba is satisfactory and that the work of changing the civil laws to conform to American ideas is progressing rapidly.

APPEAL FOR AID

Famine and Suffering in Porto Rico Among the People.

Due to the Destruction by the Hurricane.

WASHINGTON, August 11.—General Davis, commanding in Porto Rico, cables: "Later reports show the hurricane to have been far more severe in the interior and southern part of the island than here. Data for an estimate of the number of Porto Ricans who lost everything is deficient, but I am forced to believe that the number on the island cannot fall below 100,000 souls, and a famine is impending. I ask that 2,500,000 pounds of rice and beans, an equal quantity of each, be immediately shipped on transports to Ponce. Some here. There are urgent appeals to all post commanders for food for the destitute. I am authorized to relieve destitute, but rice and beans only are desired. There have been many deaths of natives by falling walls. So far only one soldier is reported dangerously injured. Several towns are reported entirely demolished. As yet I have reports from only four ports; complete destruction of barracks at two points and at two others one company each had their barracks destroyed. The troops are under canvas. No reports yet from the largest ports, Ponce and Mayaguez, but they were in the vortex of the storm. At least half of the people of Porto Rico subsist entirely on vegetables. The storm destroyed this source of support."

An Appeal.

WASHINGTON, August 11.—At the suggestion of the president, Secretary of War Root has prepared an appeal to the people of the United States for aid for the hurricane sufferers in Porto Rico. The subsistence department of the army in Porto Rico has been directed to render such temporary aid as it can until the supplies arrive.

The war department has ordered the transport McPherson to sail from New York to San Juan and Ponce Monday with 600,000 pounds each of rice and beans.

"Help Us."

WASHINGTON, August 11.—General Schwan has received the following from Capt. Lugo Viera, the Porto Rican whom General Schwan met during the campaign in that island: "My country is devastated. For God's sake help us."

Lines Down.

PUERTO PLATA, August 11.—All the telegraph lines are down. Communication with the interior is cut off.

500 Lives Lost.

SAN JUAN, PORTO RICO, August 11.—It is now said that 500 persons lost their lives at Ponce during the hurricane. Terrible distress prevails there.

Arrayo, on the south coast, was destroyed and 16 lives lost there. The town is still under water. At Guayama the houses are still standing. Seven were killed there. A number of houses were pillaged. The soldiers are unable to maintain order. Starvation threatens the population. The water supply at San Juan is stopped. Coamo Springs hotel is wrecked.

PENSION POINTS

The List is Now Growing Less Every Year

WASHINGTON, August 11.—The annual report of Commissioner of Pensions Evans, soon to be issued, will be a document of annual interest. From advance sheets of the report it was noted that the total number of pensioners on the rolls June 30, 1899, was 991,519, a decrease of 2195 over the number for 1898. The important feature of this statement is that the pension roll is growing less, notwithstanding the fact that during the year 37,077 new pensions were granted. During the year 84,345 pensioners were dropped from the rolls because they

had gone to join the great majority, and 8841 were stricken from the list because of remarriage, minors attaining their majority, failure to claim pension and other causes, making a total of 43,186 dropped from the rolls during the year.

Under the general law there were 1418 claims filed and 3624 allowed. There were 6184 original widows' claims filed and 4846 allowed.

The war with Spain brought a total of 16,986 claims of which number but 293 have been allowed.

Under the act of June 27, 1890, original invalid pensioners to the number of 6890 were filed and 20,641 allowed. There were 18,845 original widows' claims under this act filed and 12,185 granted. Out of 84,380 applications for increase under the general law, 22,460 were granted, and out of 84,770 applications for increase under the act of 1890, 22,603 were granted.

A recapitulation shows that out of a total of 111,887 claims filed 89,054 certificates were issued. The total pensions paid for the year amounted to \$188,253,922.91, leaving a balance in the treasury out of \$140,000,000 appropriated of \$1,857,189.19.

During the year 68 attorneys were disbarred 10 suspended, two dropped and one application for admission to practice revoked. The total number of attorneys standing disbarred July 1, 1899, is 1102.

COMING OUR WAY

Devastating Hurricane is Headed for South Atlantic Coast.

WASHINGTON, August 11.—The weather bureau issues the following bulletin: "The hurricane center is apparently approaching Nassau, Bahama. It will increase in intensity on reaching the gulf stream and will probably reach the south Atlantic coast towns tonight."

LOSS OF MILLIONS.

CHICAGO, August 11.—The Times-Herald's San Francisco special says that Alexander McDonald, the "King of Klondike," has filed a declaration of insolvency at Dawson, Alaska. Liabilities \$6,000,000. The value of the assets at forced sale are problematical, though he believes that they will eventually reach \$20,000,000. He attributes his failures to mismanagement by incompetent agents while he was in London.

FIRE AT DALLAS.

DALLAS, TEXAS, August 11.—Early this morning the fire story Guild building and adjacent structures were burned. Loss \$250,000. There were many narrow escapes.

BLIZZARD IN ALASKA.

SEATTLE, WASH., August 11.—Advises by steamer confirm the reports of damage by a storm at St. Michaels, Alaska. Thirty river steamers were wrecked. Twenty-five are beyond repair. The damage is estimated at \$500,000.

CLOUDBURST IN OHIO.

CALDWELL, OHIO, August 11.—A cloudburst at 4 o'clock this morning in the eastern part of Noble county did great damage to corn and tobacco.

THE PIPE OF PEACE.

Trouble in the Tents of the Illinois
Red Men Amicably Adjusted.

The high chiefs of the Improved
Order of Redmen of Illinois to the
number of about 15 met by appoint-
ment at the St. Nicholas hotel last
evening for the purpose of settling a
matter of considerable importance to
the membership in the state, a dis-
pute which had nearly culminated in
a trial to be had at Peoria on August
17. There will be no trial. The whole
matter in dispute affecting two men
and the official acts of the great
sachem, has been settled and sweet
peace reigns throughout the tents of
the tribe, or will prevail when the re-
sult is officially announced in the
lodges of the state reservation. The
committee held a secret session of sev-
eral hours in the ladies' ordinary and
at 10 o'clock all that Chief Tandy told
the waiting reporters was that the diffi-
culty had been amicably and unani-
mously adjusted.

In May last at Bloomington W. A.
Hoover of Streator was elected great
keeper of records. He failed to file
his bond in the prescribed time and
the great sachem appointed Wilson
Brooks of Chicago to perform the
duties. It appears that Chief Hoover
had not overlooked his duty in filing
the bond, but had done so. However,
it did not reach headquarters regularly
and the great chief took action. Then
the trouble began.

It leaked out after the meeting that
in the arbitration or conference the
friends of Hoover had won out and
soon the records will be in possession
of Hoover at Streator.

This settlement will avoid the neces-
sity of a trial at Peoria.
